

FIRST STATE BANK IS ANNOUNCING **BFIRST BANKING**

Your banking experience should be smooth, secure and the same on all your devices. That's why on **September 15th** First State Bank will automatically upgrade your account to our Digital Banking Suite.

No matter where you are or what device you want to use, you can:

- **VIEW** your balances
- **TRANSFER** funds
- **DEPOSIT** checks remotely, and more

HERE'S WHAT YOU NEED TO KNOW BEFORE OUR DIGITAL BANKING SUITE UPGRADE:

- Your username and password for online and mobile banking will stay the same. You'll need to log in with this information before you can use features like Touch ID or Face ID. If you don't remember your login credentials, give us a call.
- Our mobile banking app will automatically ask you to download the new version.
- If you use bill pay, your existing bill payments and payees will automatically copy to the new system.
- When you login to ***Bfirst.bank*** on or after **September 15th**, please go directly to the website rather than using a saved or bookmarked link. You will need to update the bookmark.
